

Print size and margin check

Print at 100% (Actual size) with headers and footers turned off.

100 mm square, centered on the page

On US Letter paper the square should be 58.0 mm from the left and right edges, and 89.7 mm from the top and bottom.

Enter your measurements in the size checker on the web page.

Scale check

Measure both rulers. If they read 100 mm and 4 in, the page printed at true size. Each corner cross should sit 10 mm from both edges. A missing cross means cropping.
